### When measurement replaces promises

Automatic detection of performance gaps, 24/7 monitoring and dynamic CO<sub>2</sub> trajectory. Sovereign data, full Omani ownership, complete audit.

#### The technology

- ▶ High-precision Swiss Made sensors
- ▶ Multi-scale SaaS platform (building → city)
- ▶ Dynamic CO<sub>2</sub> measurement algorithm
- ▶ A→G rating & automated ESG reporting

#### The benefits

- ▶ Measurable public budget savings
- ▶ Hybrid model: fixed + variable on savings
- ▶ Full sovereignty over national data
- ▶ Net Zero 2050 global benchmark

#### Strategic sectors — Vision 2040
